# Multidimensional Poverty in Mexico

## Information from the Mexican Statistical Office

**Social  
Development  
Law**

**DIMENSIONS**

- Per capita current income
- Educational gap
- Access to health services
- Access to social security
- Quality and spaces in
- Access to basic services of in the house
- Access to food
- Social cohesion

# Constructing an M&E&M System

## **Challenges:**

- Institutional**

- Technical**

## **Credibility**

## **Two main objectives:**

- Improve/learning:** social policies (programs, actions, strategies), through the generation of evidence.

  - An external eye can detect some problems that managers cannot see

- Accountability.**

  - Citizens pay taxes for social policy

- These 2 objectives require a delicate balance.....**

# Challenges for Mexico

- More **capacity building**
- Improve **results' indicators** in many programs
- **Evaluations and transparency** in states and municipalities.
- **Use more** evidence on operative and strategic decisions.
- Increase the size of the **evaluators market**
- **Will this political balance be sustainable in the future?**
